

## EXECUTIVE SUMMARY OF BID EVALUATION REPORT

**Project Name:** Development of Embedded Generation Standards

**Procurement Reference number:** CS/RFP/ECB-2022/23-03-DEGS-TR

### 1. Scope of Contract

The ECB sought the services of a suitably qualified service providers/consultants with appropriate and relevant experience in the Namibian Electricity Supply Industry (ESI) to assist the ECB to develop the Embedded Generation (EG) Standards. The consultant was expected to, within one week of appointment, prepare a draft Work Plan; through benchmarking and in line with current regional and international best practices and principles conduct gaps and needs analysis/assessment and develop Embedded Generation (EG) Standards. The consultant was also tasked to ensure that the EG Standards are developed in line with all ESI regulatory tools and existing government policies and directives. The consultant will conduct at most two stakeholder workshops as part of the necessary consultative process and present the final draft EG Standards as per the World Trade Organization/Technical Barriers to Trade (WTO/TBT) Guideline to the ECB. The consultant will also develop a template registration form for all embedded generators.
