CONSUMER (60A)

METERBOARD LAYOUT THREE PHASE
LOW VOLTAGE BASE OVERHEAD CONDUCTOR

PARTS LIST:

- Meter Panel
- Circuit Breakers
- Overhead Conductors
- Grounding Straps
- Junction Boxes

NOTES:

1. All conductors must be securely fastened and supported at all times.
2. Overhead conductors must be insulated and separated from adjacent conductors.
3. Grounding straps must be securely fastened to the meter panel and the ground system.
4. Circuit breakers must be rated according to the electrical load.
5. Junction boxes must be properly sealed and weatherproof.

NOTES:

- Always ensure that all connections are tight and secure.
- Regular maintenance checks are recommended to ensure safety.
- Proper labeling of conductors and breakers is essential for easy identification.
