

ELECTRICITY CONTROL BOARD

## REQUEST FOR STAKEHOLDER INPUTS

### NATIONAL CONNECTION CHARGE POLICY GAP ANALYSIS REPORT

The Electricity Control Board (ECB) hereby invites for stakeholder inputs into the National Connection Charge Policy (NCCP) Gap Analysis Report.

The ECB is undertaking a comprehensive review process of the NCCP, with the objective to convert it into a National Connection Charge Code in accordance with the Electricity Act 4 of 2007.

The ECB held a stakeholder workshop on 5 August 2024 on the review of the NCCP where the Gap Analysis Report was presented to stakeholders, hence the request for further comments and inputs.

Please copy or click on the link bellow or the QR Code provided to access the Gap Analysis Report:
