Instructions to Consultants

Definitions

(a) "Client" means the Public Entity with which the selected Consultant signs the Contract for the Services.

(b) "Consultant" means any entity or person that may provide or provides the Services to the Client under the Contract.

(c) "Contract" means the Contract signed by the Parties and all the attached documents listed in its Clause 1 that is the General Conditions (GC), the Special Conditions (SC), and the Appendices.

(d) "**Data Sheet**" means such part of the Instructions to Consultants used to reflect specific country and assignment conditions.

(e) "Day" means calendar day.

(f) "Government" means the government of the Republic of Namibia.

(g) "Instructions to Consultants" (Section 2 of the RFP) means the document which provides shortlisted Consultants with all information needed to prepare their Proposals.

(h) "LOI" (Section 1 of the RFP) means the Letter of Invitation.

(i) "Personnel" means professionals and support staff provided by the Consultant or by any Sub-Consultant and assigned to perform the Services or any part thereof; "Foreign Personnel" means such professionals and support staff who at the time of being so provided had their domicile outside the Republic of Namibia; "Local Personnel" means such professionals and support staff who at the time of being so provided had their domicile in the Republic of Namibia.

(j) "Proposal" means the Technical Proposal and the Financial Proposal.

(k) "RFP" means the Request For Proposal to be prepared by the Client for the selection of Consultants.

(l) "Services" means the work to be performed by the Consultant pursuant to the Contract.

(m) "Sub-Consultant" means any person or entity with whom the Consultant subcontracts any part of the Services.

(n) "Terms of Reference" (TOR) means the document included in the RFP as Section 5 which explains the objectives, scope of work, activities, tasks to be performed, respective responsibilities of the Client and the Consultant, and expected results and deliverables of the assignment.

1. Introduction

1.1 The Client named in the **Data Sheet** will select a consulting firm/organization (the Consultant) from those listed in the Letter of Invitation, in accordance with the method of selection specified in the **Data Sheet**.

1.2 The shortlisted Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the **Data Sheet**, for consulting services required for the assignment named in the **Data Sheet**. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Consultant.

1.3 Consultants should familiarize themselves with local conditions and take them into account in preparing their Proposals. To obtain first-hand information on the assignment and local conditions, Consultants are encouraged to visit the Client before submitting a proposal and to attend a pre-proposal conference if one is specified in the **Data Sheet**. Attending the pre-proposal conference is optional. Consultants should contact the Client's representative named in the **Data Sheet** to arrange for their visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.

1.4 The Client will timely provide at no cost to the Consultants the inputs and facilities specified in the **Data Sheet**, assist the firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.

1.5 Consultants shall bear all costs associated with the preparation and submission of their proposals and contract negotiation. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultants.

Conflict of Interest

1.6 The Government of the Republic of Namibia requires that Consultants provide professional, objective, and impartial advice and at all times hold the client's interests paramount, strictly avoid conflicts with other assignments or their own corporate interests and act without any consideration for future work.

1.6.1 Without limitation on the generality of the foregoing, Consultants, and any of their affiliates, shall be considered to have a conflict of interest and shall not be recruited, under any of the circumstances set forth below:

Conflicting activities

(i) A firm that has been engaged by the client to provide goods, works or services other than consulting services for a project, and any of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, and any of its affiliates, shall be disqualified from subsequently providing goods or works or services other than consulting services resulting from or directly related to the firm's consulting services for such preparation or implementation. For the purpose of this paragraph, services other than consulting services are defined as those leading to a measurable physical output, for example surveys, exploratory drilling, aerial photography, and satellite imagery.

Conflicting assignments

(ii) A Consultant (including its Personnel and Sub-Consultants) or any of its affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant to be executed for the same or for another Client. For example, a Consultant hired to prepare engineering design for an infrastructure project shall not be engaged to prepare an independent environmental assessment for the same project, and a Consultant assisting a Client in the privatization

of public assets shall not purchase, nor advise purchasers of, such assets. Similarly, a Consultant hired to prepare Terms of Reference for an assignment should not be hired for the assignment in question.

Conflicting relationships

(iii) A Consultant (including its Personnel and Sub-Consultants) that has a business or family relationship with a member of the Client's staff who is directly or indirectly involved in any part of (i) the preparation of the Terms of Reference of the assignment, (ii) the selection process for such assignment, or (iii) supervision of the Contract, shall not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the Client throughout the selection process and the execution of the Contract.

1.6.2 Consultants have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of their Client, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

1.6.3 No agency or current employees of the Client shall work as Consultants under their own ministries, departments or agencies. Recruiting former government employees of the Client to work for their former ministries, departments or agencies is acceptable provided no conflict of interest exists. When the Consultant nominates any government employee as Personnel in their technical proposal, such Personnel must have written certification from their government or employer confirming that they are on leave without pay from their official position and allowed to work full-time outside of their previous official position. Such certification shall be provided to the Client by the Consultant as part of his technical proposal.

Unfair Advantage

1.6.4 If a shortlisted Consultant could derive a competitive advantage for having provided consulting services related to the assignment in question, the Client shall make available to all shortlisted Consultants together with this RFP all information that would in that respect give such Consultant any competitive advantage over competing Consultants.

Fraud and Corruption

1.7 It is the policy of the Government of Namibia to require Public Entities, as well as consultants and their agents (whether declared or not), personnel, sub-contractors, sub-consultants, service providers and suppliers observe the highest standard of ethics during the selection and execution of contracts.[1] In pursuance of this policy, the Client:

1. defines, for the purposes of this provision, the terms set forth below as follows:

   (i) "corrupt practice" is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[2];

   (ii) "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[3];

   (iii) "collusive practices" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[4];

   (iv) "coercive practices" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence

[1] In this context, any action taken by a consultant or a sub-consultant to influence the selection process or contract execution for undue advantage is improper.

[2] "Another party" refers to a public official acting in relation to the selection process or contract execution. In this context "public official" includes Public Entity staff and employees of other organizations taking or reviewing selection decisions.

[3] A "party" refers to a public official; the terms "benefit" and "obligation" relate to the selection process or contract execution; and the "act or omission" is intended to influence the selection process or contract execution.

[4] "Parties" refers to participants in the procurement or selection process (including public officials) attempting to establish contract prices at artificial, non competitive levels.

improperly the actions of a party[5];

(v) "obstructive practice" is

(aa) deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede the Client investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Client's inspection and audit rights provided for under paragraph 1.7.1 below.

(b) will reject a proposal for award if it determines that the consultant recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will sanction a firm or an individual at any time, in accordance with prevailing procedures, including by publicly declaring such firm or individual ineligible for a stated period of time: (i) to be awarded a public contract, and (ii) to be a nominated sub-consultant[b], sub-contractor, supplier, or service provider of an otherwise eligible firm being awarded a public contract.

1.7.1. In further pursuance of this policy, Consultants shall permit the Client to inspect their accounts and records and other documents relating to the submission of proposals and contract performance, and to have them audited by auditors appointed by the Client.

[5] "Party" refers to a participant in the selection process or contract execution.

[b] A nominated sub-consultant, supplier, or service provider is one which either has been (i) included by the Consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the Consultant's proposal for the particular services; or (ii) appointed by the Client.

1.7.2 Consultants shall furnish information on commissions and gratuities, if any, paid or to be paid to agents relating to this proposal and during execution of the assignment if the Consultant is awarded the Contract, as requested in the Financial Proposal submission form (Section 4).

Eligibility 1.8 (a) A firm or individual that has been sanctioned by the Government of the Republic of Namibia in accordance with the above clause 1.7 shall be ineligible to be awarded a public contract, or benefit from a public contract during such period of time as determined by the Procurement Policy Unit.

(b)A consultant that is under a declaration of ineligibility by the Government of Namibia in accordance with applicable laws at the date of the deadline for bid submission and thereafter shall be disqualified.

(c)Proposal from consultants appearing on the ineligibility lists of African Development Bank, Asian Development Bank, European Bank for Reconstruction and Development, Inter-American Development Bank Group and World Bank Group shall be rejected.

Links for checking the ineligibility lists are available on the Procurement Policy Unit's website: ***(***www.mof.gov.na/procurement-policy-unit***)***.

(d) Furthermore, the Consultants shall be aware of the provisions on fraud and corruption stated in the specific clauses in the General Conditions of Contract.

Eligibility of Sub-Consultants 1.9 In case a shortlisted Consultant intends to associate with Consultants who have not been shortlisted and/or individual expert(s), such other Consultants and/or individual expert(s) shall be subject to the eligibility policy of the Client.

Origin of Goods and Consulting Services 1.10 Goods supplied and Consulting Services provided under the Contract may originate from any country except if:

(i) as a matter of law or official regulation, the Republic of Namibia prohibits commercial relations with that

country; or

(ii) by an act of compliance with a decision of the United nations Security Council taken under Chapter VII of the Charter of the United Nations, the Republic of Namibia prohibits any imports of goods from that country or any payments to persons or entities in that country.

Only one Proposal 1.11 Shortlisted Consultants shall submit only one proposal. If a Consultant submits or participates in more than one proposal, such proposals shall be disqualified. However, this does not limit the participation of the same Sub-Consultant, including individual experts, to only one proposal.

Proposal Validity 1.12 The **Data Sheet** indicates how long Consultants' Proposals must remain valid after the submission date. During this period, Consultants shall maintain the availability of Professional staff nominated in the Proposal. The Client will make its best effort to complete negotiations within this period. However should the need arise, the Client may request Consultants to extend the validity period of their proposals. Consultants who agree to such extension shall confirm that they maintain the availability of the Professional staff nominated in the Proposal, or, in their confirmation of extension of validity of the Proposal, Consultants could submit new staff in replacement, who would be considered in the final evaluation for contract award. Consultants who do not agree have the right to refuse to extend the validity of their Proposals.

2. Clarification and Amendment of RFP Documents 2.1 Consultants may request a clarification of any of the RFP documents up to the number of days indicated in the **Data Sheet** before the proposal submission date. Any request for clarification must be sent in writing, or by standard electronic means to the Client's address indicated in the **Data Sheet**. The Client will respond in writing, or by standard electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Consultants. Should the Client deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure under para. 2.2.

2.2 At any time before the submission of Proposals, the Client

may amend the RFP by issuing an addendum in writing or by standard electronic means. The addendum shall be sent to all Consultants and will be binding on them. Consultants shall acknowledge receipt of all amendments. To give Consultants reasonable time in which to take an amendment into account in their Proposals the Client may, if the amendment is substantial, extend the deadline for the submission of Proposals.

3.2 In preparing their Proposal, Consultants are expected to examine in detail the documents comprising the RFP. Material deficiencies in providing the information requested may result in rejection of a Proposal.

3.3 While preparing the Technical Proposal, Consultants must give particular attention to the following:

(a) If a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other Consultants in a joint venture or sub-consultancy, it may associate with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants if so indicated in the **Data Sheet**. A shortlisted Consultant must first obtain the approval of the Client if it wishes to enter into a joint venture with non-shortlisted or shortlisted Consultant(s). In case of association with non-shortlisted Consultant(s), the shortlisted Consultant shall act as association leader. In case of a joint venture, all partners shall be jointly and severally liable and shall indicate who will act as the leader of the joint venture.

(b) The estimated number of Professional staff-months or the budget for executing the assignment shall be shown in the **Data Sheet**, but not both. However, the Proposal shall be based on the number of Professional staff-months or budget estimated by the Consultants.

For fixed-budget-based assignments, the available budget is given in the **Data Sheet**, and the Financial Proposal shall not exceed this budget, while the estimated number of Professional staff-months shall not be disclosed.

(c) Alternative professional staff shall not be proposed,

and only one curriculum vitae (CV) may be submitted for each position.

(d) Documents to be issued by the Consultants as part of this assignment must be in English. It is desirable that the firm's Personnel have a working knowledge of English.

(e) Bid Security

(i) The Bidder shall either furnish as part of its bid, a Bid Security or subscribe to a Bid Securing Declaration in the Bid Submission Form **as specified in the BDS**.

(ii) The Bid Securing Declaration shall be in the form of a signed subscription in the Bid Submission Form.

(iii) The Bid Security shall be in the amount/percentage **specified in the BDS** and denominated in Namibian dollars, and shall:

(a) be issued by a commercial bank operating in Namibia.

(b) be substantially in accordance with the forms of Bid Security included in Section 3, Technical Proposal Standard Forms;

(c) be payable promptly upon written demand by the Purchaser in case the conditions listed in ITB Clause 3.3(e)(vi) are invoked;

(d) be submitted in its original form; copies will not be accepted;

(e) remain valid for a period of 30 days beyond the validity period of the bids, as extended, if applicable, in accordance with ITB Clause 1.12;

(iv) Any bid not accompanied by an enforceable and substantially compliant Bid Security or not containing a subscription to a Bid Securing Declaration in the Bid Submission Form, if required, in accordance with ITB 3.4(h), shall be rejected by the Purchaser as nonresponsive.

(v) The Bid Security of unsuccessful bidders shall be returned as

promptly as possible upon the successful Bidder signing of contract.

(vi) The Bid Security shall be forfeited or the Bid Securing Declaration executed:

(a) if a Bidder withdraws its bid during the period of bid validity specified by the Bidder on the Technical Proposal Submission Form; or

(b) if a Bidder refuses to accept a correction of an error appearing on the face of the Bid; or

(c) if the successful Bidder fails to: sign the Contract in accordance with ITB 6.5;

(i) The Bid Security or Bid-Securing Declaration of a Joint Venture (JV) must be in the name of the JV that submits the bid. If the JV has not been legally constituted at the time of bidding, the Bid Security or Bid-Securing Declaration shall be in the names of all future partners as named in the Technical Proposal Submission Form mentioned in Section 3 "Technical Proposal Standard Forms," when submitting in association.

(ii) If a bid securing declaration is **required in the BDS**, and

(a) a Bidder withdraws its bid during the period of bid validity specified by the Bidder on the Technical Proposal Submission Form, except as provided in ITB 20.2;

(b) a Bidder refuses to accept a correction of an error appearing on the face of the Bid; or

(c) the successful Bidder fails to: sign the Contract in accordance with ITB 6.5;

the bidder may be disqualified by the Review Panel to be awarded a contract by any Public Entity for a period of time.

Technical Proposal Format and Content

3.4 Depending on the nature of the assignment, Consultants are required to submit a Full Technical Proposal (FTP), or a Simplified Technical Proposal (STP). The **Data Sheet** indicates the format of the Technical Proposal to be submitted. Submission of the wrong type of Technical Proposal will result in the Proposal being deemed non-responsive. The following

mandatory documentary evidence is required to accompany the Technical Proposal;

(i) have a valid company Registration Certificate;

(ii) have an original valid good Standing Tax Certificate;

(iii) have an original valid good Standing Social Security Certificate;

(iv) have a valid certified copy of Affirmative Action Compliance Certificate, proof from Employment Equity Commissioner that bidder is not a relevant employer, or exemption issued in terms of Section 42 of the Affirmative Action Act, 1998;

(v) An undertaking on the part of the Bidder that the salaries and wages payable to its personnel in respect of this proposal are compliant to the relevant laws, Remuneration Order, and Award, where applicable and that it will abide to sub-clause 4.6 of the General conditions of Contract if it is awarded the contract or part thereof; and;

The Technical Proposal shall provide the information indicated in the following paras from (a) to (g) using the attached Standard Forms (Section 3). Paragraph (c) (ii) indicates the recommended number of pages for the description of the approach, methodology and work plan of the STP. A page is considered to be one printed side of A4 or letter size paper.

(a) (i) For the FTP only: a brief description of the Consultants' organization and an outline of recent experience of the Consultants and, in the case of joint venture, for each partner, on assignments of a similar nature is required in Form TECH-2 of Section 3. For each assignment, the outline should indicate the names of Sub-Consultants/ Professional staff who participated, duration of the assignment, contract amount, and Consultant's involvement. Information should be provided only for those assignments for which the Consultant was legally contracted by the Client as a corporation or as one of the major firms within a joint venture. Assignments completed by individual

Professional staff working privately or through other consulting firms cannot be claimed as the experience of the Consultant, or that of the Consultant's associates, but can be claimed by the Professional staff themselves in their CVs. Consultants should be prepared to substantiate the claimed experience if so requested by the Client.

(ii) For the STP the above information is not required and Form TECH-2 of Section 3 shall not be used.

(b) (i) For the FTP only: comments and suggestions on the Terms of Reference including workable suggestions that could improve the quality/ effectiveness of the assignment; and on requirements for counterpart staff and facilities including: administrative support, office space, local transportation, equipment, data, etc. to be provided by the Client (Form TECH-3 of Section 3).

(ii) For the STP Form TECH-3 of Section 3 shall not be used; the above comments and suggestions, if any, should be incorporated into the description of the approach and methodology (refer to following sub-para. 3.4 (c) (ii)).

(c) (i) For the FTP, and STP: a description of the approach, methodology and work plan for performing the assignment covering the following subjects: technical approach and methodology, work plan, and organization and staffing schedule. Guidance on the content of this section of the Technical Proposals is provided under Form TECH-4 of Section 3. The work plan should be consistent with the Work Schedule (Form TECH-8 of Section 3) which will show in the form of a bar chart the timing proposed for each activity.

(ii) For the STP only: the description of the approach, methodology and work plan should normally consist of 10 pages, including charts, diagrams, and comments and suggestions, if any, on Terms of Reference and counterpart staff and facilities.

(d) The list of the proposed Professional staff team by

area of expertise, the position that would be assigned to each staff team member, and their tasks (Form TECH-5 of Section 3).

(e) Estimates of the staff input (staff-months of foreign and local professionals) needed to carry out the assignment (Form TECH-7 of Section 3). The staff-months input should be indicated separately for home office and field activities, and for foreign and local Professional staff.

(f) CVs of the Professional staff signed by the staff themselves or by the authorized representative of the Professional Staff (Form TECH-6 of Section 3).

(g) For the FTP only: a detailed description of the proposed methodology and staffing for training, if the **Data Sheet** specifies training as a specific component of the assignment.

(h) the Bid Security or Bid-Securing Declaration, in accordance with ITB Clause 3.3(e), as specified in the **Data Sheet**;

3.5 The Technical Proposal shall **not** include any financial information. A Technical Proposal containing financial information may be declared non responsive.

Financial Proposals

3.6 The Financial Proposal shall be prepared using the attached Standard Forms (Section 4). It shall list all costs associated with the assignment, including (a) remuneration for staff (foreign and local, in the field and at the Consultants' home office), and (b) reimbursable expenses indicated in the **Data Sheet**. If appropriate, these costs should be broken down by activity and, if appropriate, into foreign and local expenditures. All activities and items described in the Technical Proposal must be priced separately; activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items.

Taxes

3.7 The Consultant, other than Namibian nationals, may be subject to local taxes (such as: value added tax, social charges or income taxes on non-resident Foreign Personnel, duties, fees, levies) on amounts payable by the Client under the

Contract. The Client will state in the **Data Sheet** if the Consultant is subject to payment of any local taxes. Any such amounts shall not be included in the Financial Proposal as they will not be evaluated, but they will be discussed at contract negotiations, and applicable amounts will be included in the Contract.

3.8 Consultants, must express the price of their services in Namibia Dollars only.

3.9 Commissions and gratuities, if any, paid or to be paid by Consultants and related to the assignment will be listed in the Financial Proposal Form FIN-1 of Section 4.

4. Submission, Receipt, and Opening of Proposals

4.1 The original proposal (Technical Proposal and, if required, Financial Proposal; see para. 1.2) shall contain no interlineations or overwriting, except as necessary to correct errors made by the Consultants themselves. The person who signed the proposal must initial such corrections. Submission letters for both Technical and Financial Proposals should respectively be in the format of TECH-1 of Section 3, and FIN-1 of Section 4.

4.2 An authorized representative of the Consultants, **as specified in the Data Sheet** shall initial all pages of the original Technical and Financial Proposals. The signed Technical and Financial Proposals shall be marked "ORIGINAL".

4.3 The Technical Proposal shall be marked "ORIGINAL" or "COPY" as appropriate. The Technical Proposals shall be sent to the addresses referred to in para. 4.5 and in the number of copies indicated in the **Data Sheet**. All required copies of the Technical Proposal are to be made from the original. If there is any discrepancy between the original and the copies of the Technical Proposal, the original governs.

4.4 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked "TECHNICAL PROPOSAL" Similarly, the original Financial Proposal (if required under the selection method indicated in the **Data Sheet**) shall be placed in a sealed envelope clearly marked "FINANCIAL PROPOSAL" followed by the Procurement reference number and the name of the assignment, and with a warning "**DO NOT OPEN WITH THE TECHNICAL PROPOSAL.**" The envelopes containing the Technical and Financial Proposals shall be placed into an

outer envelope and sealed. This outer envelope shall bear the submission address and reference number, and be clearly marked "**DO NOT OPEN, EXCEPT IN PRESENCE OF THE OFFICIAL APPOINTED, BEFORE** [*insert the time and date of the submission deadline indicated in the **Data Sheet***]". The Client shall not be responsible for misplacement, loss or premature opening if the outer envelope is not sealed and/or marked as stipulated. This circumstance may be case for Proposal rejection. If the Financial Proposal is not submitted in a separate sealed envelope duly marked as indicated above, this will constitute grounds for declaring the Proposal non-responsive.

4.5 The Proposals must be sent to the address/addresses indicated in the **Data Sheet** and received by the Client no later than the time and the date indicated in the **Data Sheet**, or any extension to this date in accordance with para. 2.2. Any proposal received by the Client after the deadline for submission shall be returned unopened.

4.6 The Client shall open the Technical Proposal immediately after the deadline for their submission. The envelopes with the Financial Proposal shall remain sealed and securely stored.

5. Proposal Evaluation

5.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultants should not contact the Client on any matter related to its Technical and/or Financial Proposal. Any effort by Consultants to influence the Client in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Consultants' Proposal.

Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded.

Evaluation of Technical Proposals

5.2 The Evaluation Committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet**. Each responsive Proposal will be given a technical score (St). A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP, and particularly the Terms of Reference or if it fails to achieve the minimum technical score indicated in the **Data Sheet**.

Financial

5.3 Following the ranking of technical Proposals, when selection is

Proposals for QBS

based on quality only (QBS), the first ranked Consultant is invited to negotiate its proposal and the Contract in accordance with the instructions given under para. 6 of these Instructions.

Public Opening and Evaluation of Financial Proposals (only for QCBS, FBS, and LCS)

5.4 After the technical evaluation is completed the Client shall inform the Consultants who have submitted proposals the technical scores obtained by their Technical Proposals, and shall notify those Consultants whose Proposals did not meet the minimum qualifying mark or were considered non responsive to the RFP and TOR, that their Financial Proposals will be returned unopened after completing the selection process. The Client shall simultaneously notify in writing Consultants that have secured the minimum qualifying mark, the date, time and location for opening the Financial Proposals. The opening date should allow Consultants sufficient time to make arrangements for attending the opening. Consultants' attendance at the opening of Financial Proposals is optional.

5.5 Financial Proposals shall be opened in the presence of the Consultants' representatives who choose to attend. The name of the consultants and the technical scores of the consultants shall be read aloud. The Financial Proposal of the Consultants who met the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copy of the record shall be sent to all Consultants, upon request.

5.6 The Client will correct any computational error. When correcting computational errors, in case of discrepancy between a partial amount and the total amount, or between word and figures the formers will prevail. In addition to the above corrections, as indicated under para. 3.6, activities and items described in the Technical Proposal but not priced, shall be assumed to be included in the prices of other activities or items. In case an activity or line item is quantified in the Financial Proposal differently from the Technical Proposal, no corrections are applied to the Financial Proposal in this respect. Prices shall be converted to Namibian Dollars using the selling rates of exchange issued by the Bank of Namibia, prevailing on the deadline for submission of proposals.

5.7 In case of QCBS, the lowest evaluated Financial Proposal (Fm) will be given the maximum financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the **Data Sheet**. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) indicated in the **Data Sheet**: S = St x T% + Sf x P%. The firm achieving the highest combined technical and financial score will be invited for negotiations.

5.8 In the case of Fixed-Budget Selection, the Client will select the firm that submitted the highest ranked Technical Proposal within the budget. Proposals that exceed the indicated budget will be rejected. In the case of the Least-Cost Selection, the Client will select the lowest proposal among those that passed the minimum technical score. In both cases the evaluated proposal price according to para. 5.6 shall be considered, and the selected firm is invited for negotiations.

6. Negotiations

6.1 Negotiations will be held on the date and at the address indicated in the **Data Sheet**. The invited Consultant will, as a pre-requisite for attendance at the negotiations, confirm availability of all Professional staff. Failure in satisfying such requirements may result in the Client proceeding to negotiate with the next-ranked Consultant. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and conclude a Contract.

Technical negotiations

6.2 Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan, and organization and staffing, and any suggestions made by the Consultant to improve the Terms of Reference. The Client and the Consultants will finalize the Terms of Reference, staffing schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as “Description of Services”. Special attention will be paid to clearly defining the inputs and facilities required from the Client to ensure satisfactory implementation of the assignment. The Client shall prepare minutes of negotiations which will be signed by the Client and the Consultant.

Financial

6.3 If applicable, it is the responsibility of the Consultant, before starting financial negotiations, to contact the local tax

negotiations

authorities to determine the local tax amount to be paid by the Consultant under the Contract. The financial negotiations will include a clarification (if any) of the firm's tax liability in the Republic of Namibia, and the manner in which it will be reflected in the Contract; and will reflect the agreed technical modifications in the cost of the services. In case of Quality and Cost Based Selection, Fixed-Budget Selection, or the Least-Cost Selection methods, unless there are exceptional reasons, the financial negotiations will involve neither the remuneration rates for staff nor other proposed unit rates. For other methods, Consultants will provide the Client with the information on remuneration rates described in the Appendix attached to Section 4 - Financial Proposal - Standard Forms of this RFP.

Availability of Professional staff/experts

6.4 Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff, the Client expects to negotiate a Contract on the basis of the Professional staff named in the Proposal. Before contract negotiations, the Client will require assurances that the Professional staff will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate and shall be submitted by the Consultant within the period of time specified in the letter of invitation to negotiate.

Conclusion of the negotiations

6.5 Negotiations will conclude with a review of the draft Contract. To complete negotiations the Client and the Consultant will initial the Contract. If negotiations fail, the Client will invite the Consultant whose Proposal received the second highest score to negotiate a Contract.

7. Award of Contract

7.1 The Consultant whose bid attains the highest score, in accordance with the criteria and selection method set forth in the request for proposals, or the one with the least cost in the

case of the Least Cost method of selection, shall be selected for award, subject to satisfactory conclusion of negotiation.

7.2 For contract above the prescribed threshold, the Client shall notify the selected Consultant of its intention to award the contract and shall simultaneously notify all other short listed consultants of its decision.

7.3 For contracts not exceeding the prescribed threshold, the client shall issue the Letter of Award.

7.4 In the absence of an application for review by any other consultant within 7 days of the notice under section 7.2, the contract shall be awarded to the selected Consultant

7.5 Within seven days from the issue of Letter of Award, the Client shall publish on the Public Procurement Portal *(*www.mof.gov.na/procurement-policy-unit*)* and the Client's website, the results of the RFP process identifying the:

(i) name of the successful Consultant, and the price it offered, as well as the duration and summary scope of the assignment; and

(ii) an executive summary of the RFP Evaluation Report, for contracts above the prescribed threshold referred to in section 7.2.

7.6 After Contract signature, the Client shall return the unopened Financial Proposals to the unsuccessful Consultants.

7.7 The Consultant is expected to commence the assignment on the date and at the location specified in the **Data Sheet**.

8. Confidentiality

8.1 Information relating to evaluation of Proposals and recommendations concerning awards shall not be disclosed to the Consultants who submitted the Proposals or to other persons not officially concerned with the process until the publication of award. The undue use by any Consultant of confidential information related to the process may result in the rejection of its Proposal and may be subject to the provisions of the Government's antifraud and corruption policy.

9. Debriefing 9.1 The client shall promptly attend to all requests for debriefing for the contract made in writing, and within 7 days from the date the unsuccessful consultants are informed about the award.

Instructions to Consultants – Data Sheet

1. Paragraph Reference	
1.1	Name of the Client: Electricity Control Board Method of selection: Open National bidding (QCBS), issued in terms of Section 29. 4.5	The Proposal submission address is: **ECB House, 35 Dr. Theo-Ben Gurirab Street** Proposals must be submitted not later than the following date and time: 5 November 2026

5.2 (a)	Criteria, sub-criteria, and point system for the evaluation of Full Technical Proposals are:

Technical Criteria	Criteria	Applicable Score	Weight
1 Specific experience of the Consultants relevant to the assignment: ***A minimum of 5 years of experience working in reviewing regulatory tools in the Energy Sector demonstrated by the following:***			**25Points**
A list of consulting projects competed, with date and year, similar in nature to the scope of this bid specifically in terms of the reviewing of the regulatory tools within the Energy sector completed indicating experience of a minimum of 5 years			12.5 points
	Demonstrated experience of less than 5 years	25% (3.125 points)	
	Demonstrated experience of 5 year	75% (9.375 points)	
	Demonstrated experience of more than 5 year	100% (12.5 points)	
At least 3 references letters clearly indicating the nature of the assignment, the value and the sector issued in the stationery of the client.			12.5 Points
	Less than 3 reference letters submitted	25% (3.125 points)	
	3 reference letters submitted	75% (9.375 points)	
	More than 3 reference letters submitted	100% (12.5 points)	
2. Adequacy of the proposed methodology and work plan in responding to the Terms of Reference:			**15 points**
	Basic Technical approach and methodology,	25% (3.75 points)	

	lacking basic requirements		
	Technical approach and methodology with basic overview and lacking significant details of a comprehensive technical approach and methodology	75% (11.25points)	
	Detailed Technical approach and methodology covering all aspects of the scope and quality control process	100% (12.5 points)	
.Work plan			**10 points**
	No work plan attached or basic workplan lacking basic requirements	25% (2.5 points)	
	The work plan is basic, lacking significant details of a comprehensive workplan	75% (7.5points)	
	Detailed work plan including QA approach, analytical methods for RIA	100% (10 points)	
.Organization and staffing			**5 points**
	No project organogram or project organogram indicates less than 3 dedicated team members	25% (1.25 points)	
	Clear project organogram with dedicated 3 team members	75% (3.75points)	
	Clear project organogram with dedicated more than 3 team members	100% (5points)	

5. Project plan and implementation of a minimum of 6 months			**15 Points**
	Project plan indicating overall timeline of less than 6 months	100% (15points)	
	Project plan with overall timeline of 6 months	75% (11.25points)	
	Project plan with overall timeline of more than 6 months	25% (3.75points)	
6. Key professional staff qualifications and competence for the assignment:			**30 points**
Team Leader / Regulatory Expert (dedicated) *This team member must have a Bachelor's degree in Electrical / Power engineering, in energy related file of study, or any recognised equivalent degree, coupled with a minimum of 10 years in the energy / electricity supply industry demonstrated by a certified copy of the qualifications as well as a full CV with contactable references and must be registered with Engineering Council of Namibia or an equivalent recognised engineering body as a Professional / Incorporated Engineer, demonstrated by the certified copy.*			15points
Technical expert (dedicated) *This team member must possess a Bachelor's degree in Electrical / Power engineering, or any equivalent recognised degree coupled with a minimum of 5 years working experience in reviewing the regulatory tools in the Energy Sector demonstrated by a certified copy of the qualifications as well as a full CV with contactable references and must be registered with Engineering Council of Namibia or an equivalent recognised engineering body as a Professional / Incorporated Engineer, demonstrated by the certified copy.*			10points
Project Assistant			5 points

	This project assistant must be somebody who is either pursuing studies towards any relevant course to the project, i.e. a degree in energy related field, legal and regulatory, project management or has had more than 1 year experience in those fields	
	Total Score	**100 points**
	The minimum technical score required to pass is 70 points

5.7	The formula for determining the financial scores is the following: Sf = 100 x Fm / F, in which Sf is the financial score, Fm is the lowest price and F the price of the proposal under consideration. The weights given to the Technical and Financial Proposals are: T = [*0.7*], and P = *0.3*] The highest combined score ranks first. ECB will award to the highest combined scoring bidder. If combined score tie, the higher technical score ranks first and if technical score tie, the lower evaluated price ranks first.
6.1	Expected date and address for contract negotiations: **27 November 2026**
7.5	Expected date for commencement of consulting services **01 December 2026** in Windhoek

Section 3. Technical Proposal - Standard Forms

Form TECH-1: Technical Proposal Submission Form

[*Location, Date*]

To: [*Name and address of Client*]

Dear Sir/Madam:

We, the undersigned, offer to provide the consulting services for [*Insert title of assignment*] in accordance with your Request for Proposal dated [*Insert Date*] and our Proposal. We are hereby submitting our Proposal, which includes this Technical Proposal, and a Financial Proposal sealed under a separate envelope[1].

We are submitting our Proposal in association with: [*Insert a list with full name and address of each associated Consultant*][2]

We hereby declare that all the information and statements made in this Proposal are true and accept that any misinterpretation contained in it may lead to our disqualification.

If negotiations are held during the period of validity of the Proposal, i.e., before the date indicated in Paragraph Reference 1.14 of the Data Sheet, we undertake to negotiate on the basis of the proposed staff. Our Proposal is binding upon us and subject to the modifications resulting from Contract negotiations.

We undertake, if our Proposal is accepted, to initiate the consulting services related to the assignment not later than the date indicated in Paragraph Reference 7.5 of the Data Sheet.

We understand you are not bound to accept any Proposal you receive.

We remain,

Yours sincerely,

Authorized Signature [*In full and initials*]: _____
Name and Title of Signatory: _____
Name of Firm: _____
Address: _____

1 [*In case Paragraph Reference 1.2 of the Data Sheet requires to submit a Technical Proposal only, replace this sentence with:* "We are hereby submitting our Proposal, which includes this Technical Proposal only."]

2 [*Delete in case no association is foreseen.*]

Form TECH-2: Consultant's Organization and Experience

A - Consultant's Organization

[*Provide here a brief (around two pages) description of the background and organization of your firm/entity and each associate for this assignment.*]

B - Consultant's Experience

[*Using the format below, provide information on each assignment for which your firm, and each associate for this assignment, was legally contracted either individually as a corporate entity or as one of the major companies within an association, for carrying out consulting services similar to the ones requested under this assignment. Use around 20 pages.*]

Assignment name:	Approx. value of the contract (in current Namibia Dollars equivalent):
Country: Location within country:	Duration of assignment (months):
Name of Client:	Total Nº of staff-months of the assignment:
Address:	Approx. value of the services provided by your firm under the contract (in current (in current Namibia Dollars equivalent): ……..
Start date (month/year): Completion date (month/year):	Nº of professional staff-months provided by associated Consultants:
Name of associated Consultants, if any:	Name of senior professional staff of your firm involved and functions performed (indicate most significant profiles such as Project Director/Coordinator, Team Leader):
Narrative description of Project:	
Description of actual services provided by your staff within the assignment:	

Firm's Name: _____

Form TECH-3: Comments and Suggestions on the Terms of Reference and on Counterpart Staff and Facilities to be Provided by the Client

A - On the Terms of Reference

[*Present and justify here any modifications or improvement to the Terms of Reference you are proposing to improve performance in carrying out the assignment (such as deleting some activities you consider unnecessary, or adding another, or proposing a different phasing of the activities). Such suggestions should be concise and to the point, and incorporated in your Proposal.*]

B - On Counterpart Staff and Facilities

[*Comment here on counterpart staff and facilities to be provided by the Client according to Paragraph Reference 1.4 of the Data Sheet including: administrative support, office space, local transportation, equipment, data, etc.*]

Form TECH-4: Description of Approach, Methodology and Work Plan for Performing the Assignment

[*Technical approach, methodology and work plan are key components of the Technical Proposal. You are suggested to present your Technical Proposal (about 50 pages, inclusive of charts and diagrams) divided into the following three chapters:*

a) Technical Approach and Methodology,
b) Work Plan, and
c) Organization and Staffing,

a) Technical Approach and Methodology. In this chapter you should explain your understanding of the objectives of the assignment, approach to the services, methodology for carrying out the activities and obtaining the expected output, and the degree of detail of such output. You should highlight the problems being addressed and their importance, and explain the technical approach you would adopt to address them. You should also explain the methodologies you propose to adopt and highlight the compatibility of those methodologies with the proposed approach.

b) Work Plan. In this chapter you should propose the main activities of the assignment, their content and duration, phasing and interrelations, milestones (including interim approvals by the Client), and delivery dates of the reports. The proposed work plan should be consistent with the technical approach and methodology, showing understanding of the TOR and ability to translate them into a feasible working plan. A list of the final documents, including reports, drawings, and tables to be delivered as final output, should be included here. The work plan should be consistent with the Work Schedule of Form TECH-8.

c) Organization and Staffing. In this chapter you should propose the structure and composition of your team. You should list the main disciplines of the assignment, the key expert responsible, and proposed technical and support staff.

Form FIN-1: Financial Proposal Submission Form

[*Location, Date*]

To: [*Name and address of Client*]

Dear Sir/Madam:

We, the undersigned, offer to provide the consulting services for [*Insert title of assignment*] in accordance with your Request for Proposal dated [*Insert Date*] and our Technical Proposal. Our attached Financial Proposal is for the lump sum of [*Insert amount(s) in words and figures*[1]]. This amount is exclusive of the local taxes *(applicable only to consultants other than Namibian nationals)*, which shall be identified during negotiations and shall be added to the above amount.

Our Financial Proposal shall be binding upon us subject to the modifications resulting from Contract negotiations, up to expiration of the validity period of the Proposal, i.e. before the date indicated in Paragraph Reference 1.14 of the Data Sheet.

Commissions and gratuities paid or to be paid by us to agents relating to this Proposal and Contract execution, if we are awarded the Contract, are listed below[2]:

Name and Address of Agents	Amount in Namibia Dollars	Purpose of Commission or Gratuity

We understand you are not bound to accept any Proposal you receive.

We remain,

Yours sincerely,

Authorized Signature [*In full and initials*]: _____
Name and Title of Signatory: _____
Name of Firm: _____
Address: _____

1 Amounts must coincide with the ones indicated under Total Cost of Financial proposal in Form FIN-2.

2 If applicable, replace this paragraph with: “No commissions or gratuities have been or are to paid by us to agents relating to this Proposal and Contract execution.”

Form FIN-2: Summary of Costs

Item	**Costs**
	[*Indicate Namibian Dollars*
(a) Total Costs of Financial Proposal [1]	

1 Indicate the total costs, net of local taxes, to be paid by the Client in each Namibia Dollars. Such total costs must coincide with the sum of the relevant Subtotals indicated in all Forms FIN-3 provided with the Proposal.

Form FIN-3: Breakdown of Costs by Activity[1]

Group of Activities (Phase):[2]	**Description:**[3]

Cost component	**Costs**			
	[*Indicate Foreign Currency # 1*][4]	[*Indicate Foreign Currency # 2*][4]	[*Indicate Foreign Currency # 3*][4]	[*Indicate Namibian Dollars]*
Remuneration[5]				
Reimbursable Expenses [5]				
Subtotals				

1 Form FIN-3 shall be filled at least for the whole assignment. In case some of the activities require different modes of billing and payment (e.g.: the assignment is phased, and each phase has a different payment schedule), the Consultant shall fill a separate Form FIN-3 for each group of activities. The sum of the relevant Subtotals of all Forms FIN-3 provided must coincide with the Total Costs of Financial Proposal indicated in Form FIN-2.

2 Names of activities (phase) should be the same as, or correspond to the ones indicated in the second column of Form TECH-8.

3 Short description of the activities whose cost breakdown is provided in this Form.

4 Use the same columns and currency of Form FIN-2.

5 Remuneration and Reimbursable Expenses must respectively coincide with relevant Total Costs indicated in Forms FIN-4, and FIN-5.

Form FIN-4: Breakdown of Remuneration[1] (Lump-Sum)

(This Form FIN-4 shall only be used when the Lump-Sum Form of Contract has been included in the RFP. Information to be provided in this Form shall only be used to establish payments to the Consultant for possible additional services requested by the Client)

Name[2]	Position[3]	Staff-month Rate[4]
Foreign Staff		
		[*Home*] [*Field*]
Local Staff		
		[*Home*] [*Field*]

1 Form FIN-4 shall be filled in for the same Professional and Support Staff listed in Form TECH-7.

2 Professional Staff should be indicated individually; Support Staff should be indicated per category (e.g.: draftsmen, clerical staff).
3 Positions of the Professional Staff shall coincide with the ones indicated in Form TECH-5.
4 Indicate separately staff-month rate and currency for home and field work..

Form FIN-5: Breakdown of Reimbursable Expenses (Lump-Sum)

(This Form FIN-5 shall only be used when the Lump-Sum Form of Contract has been included in the RFP. Information to be provided in this Form shall only be used to establish payments to the Consultant for possible additional services requested by the Client)

N°	Description[1]	Unit	Unit Cost[2]
	Per diem allowances	Day	
	International flights[3]	Trip	
	Miscellaneous travel expenses	Trip	
	Communication costs between [*Insert place*] and [*Insert place*]		
	Drafting, reproduction of reports		
	Equipment, instruments, materials, supplies, etc.		
	Shipment of personal effects	Trip	
	Use of computers, software		
	Laboratory tests.		
	Subcontracts		
	Local transportation costs		
	Office rent, clerical assistance		
	Training of the Client's personnel [4]		

1 Delete items that are not applicable or add other items according to Paragraph Reference 3.6 of the Data Sheet.
2 Indicate unit cost in Namibia Dollars.
3 Indicate route of each flight, and if the trip is one- or two-ways.
4 Only if the training is a major component of the assignment, defined as such in the TOR.

Appendix: Financial Negotiations - Breakdown of Remuneration Rates

(Not to be used when cost is a factor in the evaluation of Proposals)

1. Review of Remuneration Rates

1.1 The remuneration rates for staff are made up of salary, social costs, overheads, fee that is profit, and any premium or allowance paid for assignments away from headquarters. To assist the firm in preparing financial negotiations, a Sample Form giving a breakdown of rates is attached (no financial information should be included in the Technical Proposal). Agreed breakdown sheets shall form part of the negotiated contract.

1.2 The Client is charged with the custody of government funds and is expected to exercise prudence in the expenditure of these funds. The Client is, therefore, concerned with the reasonableness of the firm's Financial Proposal, and, during negotiations, it expects to be able to review audited financial statements backing up the firm's remuneration rates, certified by an independent auditor. The firm shall be prepared to disclose such audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. Rate details are discussed below.

(i) Salary

This is the gross regular cash salary paid to the individual in the firm's home office. It shall not contain any premium for work away from headquarters or bonus (except where these are included by law or government regulations).

(ii) Bonus

Bonuses are normally paid out of profits. Because the Client does not wish to make double payments for the same item, staff bonuses shall not normally be included in the rates. Where the Consultant's accounting system is such that the percentages of social costs and overheads are based on total revenue, including bonuses, those percentages shall be adjusted downward accordingly. Where national policy requires that 13 months' pay be given for 12 months' work, the profit element need not be adjusted downward. Any discussions on bonuses shall be supported by audited documentation, which shall be treated as confidential.

(iii) Social Costs

Social costs are the costs to the firm of staff's non-monetary benefits. These items include, *inter alia*, social security including pension, medical and life

insurance costs, and the cost of a staff member being sick or on vacation. In this regard, the cost of leave for public holidays is not an acceptable social cost nor is the cost of leave taken during an assignment if no additional staff replacement has been provided. Additional leave taken at the end of an assignment in accordance with the firm's leave policy is acceptable as a social cost.

(iv) Cost of Leave

The principles of calculating the cost of total days leave per annum as a percentage of basic salary shall normally be as follows:

$$\text{Leave cost as percentage of salary}^{1} = \frac{total\ days\ leave\ x\ 100}{[365\ -\ w\ -\ ph\ -\ v\ -\ s]}$$

Or

Leave Cost = *[(salary + bonus + housing subsidy + transport)/260 X leave credit days]*

It is important to note that leave can be considered a social cost only if the Client is not charged for the leave taken.

(v) Overheads

Overhead expenses are the firm's business costs that are not directly related to the execution of the assignment and shall not be reimbursed as separate items under the contract. Typical items are home office costs (partner's time, nonbillable time, time of senior staff monitoring the project, rent, support staff, research, staff training, marketing, etc.), the cost of staff not currently employed on revenue-earning projects, taxes on business activities and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The Client does not accept an add-on margin for social charges, overhead expenses, etc., for staff who are not permanent employees of the firm. In such case, the firm shall be entitled only to administrative costs and fee on the monthly payments charged for subcontracted staff.

(vi) Fee or Profit

The fee or profit shall be based on the sum of the salary, social costs, and overhead. If any bonuses paid on a regular basis are listed, a corresponding

[1] Where *w* = weekends, *ph* = public holidays, *v* = vacation, and *s* = sick leave.

reduction in the profit element shall be expected. Fee or profit shall not be allowed on travel or other reimbursable expenses, unless in the latter case an unusually large amount of procurement of equipment is required. The firm shall note that payments shall be made against an agreed estimated payment schedule as described in the draft form of the contract.

(vii) Away from Headquarters Allowance or Premium
Some Consultants pay allowances to staff working away from headquarters. Such allowances are calculated as a percentage of salary and shall not draw overheads or profit. Sometimes, by law, such allowances may draw social costs. In this case, the amount of this social cost shall still be shown under social costs, with the net allowance shown separately. For concerned staff, this allowance, where paid, shall cover home education, etc.; these and similar items shall not be considered as reimbursable costs.

(viii) Subsistence Allowances
Subsistence allowances are not included in the rates, but are paid separately and in local currency. No additional subsistence is payable for dependents—the subsistence rate shall be the same for married and single team members.

UNDP standard rates for the particular country may be used as reference to determine subsistence allowances.

2. Reimbursable expenses

2.1 The financial negotiations shall further focus on such items as out-of-pocket expenses and other reimbursable expenses. These costs may include, but are not restricted to, cost of surveys, equipment, office rent, supplies, international and local travel, computer rental, mobilization and demobilization, insurance, and printing. These costs may be either unit rates or reimbursable on the presentation of invoices, in foreign or local currency.

3. Bank Guarantee

3.1 Payments to the firm, including payment of any advance based on cash flow projections covered by a bank guarantee, shall be made according to an agreed estimated schedule ensuring the firm regular payments in local and foreign currency, as long as the services proceed as planned.

Consulting Firm: Country:
Assignment: Date:

Consultant's Representations Regarding Costs and Charges

We hereby confirm that:

(a) the basic salaries indicated in the attached table are taken from the firm's payroll records and reflect the current salaries of the staff members listed which have not been raised other than within the normal annual salary increase policy as applied to all the firm's staff;

(b) attached are true copies of the latest salary slips of the staff members listed;

(c) the away from headquarters allowances indicated below are those that the Consultants have agreed to pay for this assignment to the staff members listed;

(d) the factors listed in the attached table for social charges and overhead are based on the firm's average cost experiences for the latest three years as represented by the firm's financial statements; and

(e) said factors for overhead and social charges do not include any bonuses or other means of profit-sharing.

Section 5. Terms of Reference

The Scope / terms of reference is indicated in Annexure A attached herein

Section 6. SAMPLE CONTRACT FOR CONSULTING SERVICES

SMALL ASSIGNMENTS
LUMP-SUM PAYMENTS

CONTRACT No. *[insert]*

THIS CONTRACT ("Contract") is entered into this *[insert starting date of assignment]*, by and between *[insert Client's name]* ("the Client") having its principal place of business at *[insert Client's address]*, and *[insert Consultant's name]* ("the Consultant") having its principal office located at *[insert Consultant's address[1]].*

WHEREAS, the Client wishes to have the Consultant perform the services hereinafter referred to, and

WHEREAS, the Consultant is willing to perform these services,

NOW THEREFORE THE PARTIES hereby agree as follows:

1. Services

(i) The Consultant shall perform the services specified in Annex A, "Terms of Reference and Scope of Services," which is made an integral part of this Contract ("the Services").

(ii) The Consultant shall provide the personnel listed in Annex B, "Consultant's Personnel," to perform the Services.

(iii) The Consultant shall submit to the Client the reports in the form and within the time periods specified in Annex C, "Consultant's Reporting Obligations."

2. Term

The Consultant shall perform the Services during the period commencing *[insert starting date]* and continuing through *[insert completion date]*, or any other period as may be subsequently agreed by the parties in writing.

3. Payment

A. <u>Ceiling</u>

For Services rendered pursuant to Annex A, the Client shall pay the Consultant an amount not to exceed *[insert amount]*. This amount has been established based on the understanding that it includes all of the Consultant's costs and profits as well as any tax obligation that may be imposed on the Consultant.

[1] Avoid use of *"P.O. Box" address*

B. Schedule of Payments

The schedule of payments is specified below[2]:

[insert detailed list of payments specifying amount of each installment, deliverable/output for which the installment is paid and currency]

C. Payment Conditions

Payment shall be made in *Namibia Dollars*, no later than 30 days following submission by the Consultant of invoices in duplicate to the Coordinator designated in paragraph 4.

Payments shall be made to Consultant's bank account *[insert banking details.]*

4. Project Administration

A. Coordinator.

The Client designates Mr./Ms. *[insert name and job title]* as Client's Coordinator; the Coordinator will be responsible for the coordination of activities under this Contract, for acceptance and approval of the reports and of other deliverables by the Client and for receiving and approving invoices for the payment.

B. Reports.

The reports listed in Annex C, "Consultant's Reporting Obligations," shall be submitted in the course of the assignment, and will constitute the basis for the payments to be made under paragraph 3.

5. Performance Standards

The Consultant undertakes to perform the Services with the highest standards of professional and ethical competence and integrity. The Consultant shall promptly replace any employees assigned under this Contract that the Client considers unsatisfactory.

6. Inspections and Auditing

The Consultant shall permit, and shall cause its Sub-Consultants to permit, the Client and/or persons or auditors appointed by the Client to inspect and/or audit its accounts and records and other documents relating to the submission of the Proposal to provide the Services and performance of the Contract. Any failure to comply with this obligation may constitute a prohibited practice subject to contract termination and/or the imposition of sanctions by the Client (including without

[2] Fill in based on required outputs as described in Annex A (Terms of Reference) and Annex C (Reporting Requirements). Avoid front-loaded payments. Advance payments in contracts with firms require a bank guarantee for the same amount.

limitation s determination of ineligibility) in accordance with prevailing sanctions procedures.

7. Confidentiality The Consultants shall not, during the term of this Contract and within two years after its expiration, disclose any proprietary or confidential information relating to the Services, this Contract or the Client's business or operations without the prior written consent of the Client.

8. Ownership of Material Any studies reports or other material, graphic, software or otherwise, prepared by the Consultant for the Client under the Contract shall belong to and remain the property of the Client. The Consultant may retain a copy of such documents and software[3].

9. Consultant Not to be Engaged in Certain Activities The Consultant agrees that, during the term of this Contract and after its termination, the Consultants and any entity affiliated with the Consultant, shall be disqualified from providing goods, works or services (other than consulting services that would not give rise to a conflict of interest) resulting from or closely related to the Consulting Services for the preparation or implementation of the Project

10. Insurance The Consultant will be responsible for taking out any appropriate insurance coverage.

11. Assignment The Consultant shall not assign this Contract or sub-contract any portion of it without the Client's prior written consent.

12. Law Governing Contract and Language The Contract shall be governed by the laws of Namibia, and the language of the Contract shall be *English.*

13. Dispute Resolution[4] Any dispute arising out of the Contract, which cannot be amicably settled between the parties, shall be referred to adjudication/arbitration in accordance with the laws of Namibia.

14. Termination The Client may terminate this Contract with at least ten (10) working days prior written notice to the Consultant after the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause:

(a) If the Consultant does not remedy a failure in the performance of its obligations under the Contract within seven (7) working days after being notified, or within any further period as the Client may

[3] Restrictions about the future use of these documents and software, if any, shall be specified at the end of paragraph 8.

[4] In case of a Contract entered into with a foreign Consultant, the following provision may be substituted for paragraph 13: "Any dispute, controversy or claim arising out of or relating to this Contract or the breach, termination or invalidity thereof, shall be settled by arbitration in accordance with the UNCITRAL Arbitration Rules as at present in force."

have subsequently approved in writing;

(b) If the Consultant becomes insolvent or bankrupt;

(c) If the Consultant, in the judgment of the Client or the Bank, has engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices (as defined in the prevailing Bank's sanctions procedures) in competing for or in performing the Contract.

(d) If the Client, in its sole discretion and for any reason whatsoever, decides to terminate this Contract.

ANNEXURE A -TERMS OF REFERENCE (TOR)

THE REVIEW OF THE NAMIBIA ELECTRICITY SUPPLY INDUSTRY DISTRIBUTION INFRASTRUCTURE STANDARDS

1. BACKGROUND

The NAMS/ESI 002: Ed 1.0 04-2021: Namibia Electricity Supply Industry Distribution Infrastructure Standards were initially developed by the Electricity Control Board (ECB) in 2014, with the primary objective of harmonising electrical infrastructure and maintenance practices for electricity distribution networks operating at voltages up to and including 33kV, and adopted and published by the Namibian Standards Institute (NSI) in 2021. The standards provide comprehensive technical requirements for the planning, design, erection, installation, testing, commissioning, maintenance and repair of material and equipment for the distribution electricity supply infrastructure. It also included a comparative analysis of the adopted or recommended regional and international standards, thereby promoting alignment with Southern Africa and regional standards.

Since the adoption of the standards, the Namibian Electricity Distribution Industry (EDI) has undergone significant transformation including substantial infrastructure expansions, increased network complexity, technological advancements in grid operations and management practices and evolving regulatory and operational requirements. Furthermore, regional and international standards have continued to advance, reflecting innovations in material, system design, safety, reliability and sustainability.

In light of these developments, it has become necessary to undertake a comprehensive review of the existing Distribution Infrastructure Standards. The review aims to ensure that the standards remain relevant and responsive, incorporate current best practices and are benchmarked against up-to-date regional and international standards, thereby supporting a modern, reliable and efficient electricity distribution sector in Namibia.

2. PURPOSE OF THE PROJECT

To review the NAMS/ESI 002: Ed 1.0 04-2021: Namibia Electricity Supply Industry Distribution Infrastructure Standards, to reflect current technological advancements, evolving network requirements, and emerging operational practices. To ensure alignment with prevailing regulatory instruments, national policies, and industry frameworks, while incorporating best practices that enhance the reliability, safety, and efficiency of the electricity distribution network.

3. OBJECTIVE

To review and update the Namibia Electricity Supply Industry Distribution Infrastructure Standards (NAMS/ESI 002: Ed 1.0 04-2021): that support a safe, reliable, efficient, and economically sustainable electricity distribution network, while promoting standardisation, technological advancement and ensuring alignment with regulatory instruments, ISO 55001/9001/31000/45001/14001/27001/30401 and applicable regional and international standards. The revised standards will incorporate relevant technical requirements for the planning, design, installation, commissioning, and maintenance of distribution infrastructure and associated equipment.

Key objectives:

3.1 **Review of Existing Standards and Practices:** Assess the current distribution infrastructure standards, guidelines, and operating practices currently applied in the EDI, and identify gaps, inconsistencies, outdated provisions, and areas requiring modernization.

3.2 **Benchmarking and Best Practices:** Compare existing standards with regional and international best practices for distribution infrastructure, engineering design, construction, operation, and maintenance. Evaluate emerging technologies and trends relevant to modern electricity distribution networks.

3.3 **Harmonization of Standards:** Develop a harmonized, updated, and comprehensive set of distribution infrastructure standards aligned with current engineering principles, technological advancements, and industry requirements. Ensure alignment with national regulatory tools and applicable regional and international standards.

3.4 **Technical and Economic Assessment:** Evaluate proposed standards in terms of technical feasibility, lifecycle cost, economic efficiency, and impact on network performance and reliability. Recommend optimal solutions that balance cost-effectiveness with quality and sustainability.

3.5 **Regulatory Impact Assessment (RIA):** Conduct a thorough RIA of the standards on the Namibian EDI to ensure that reviewing is evidence-based, reflects local reality, is cost-effective, and is aligned with public and industry needs.

4. SCOPE OF WORK

Output 1: Inception, Work Plan & Stakeholder Engagement

Task 1.1: Kick-off and Inception Report

- Finalise methodology, scope, and detailed work plan (phases, milestones, dependencies).
- Comprehensive stakeholder engagement plan (ECB, NamPower, IPPs, large users/mines, distributors/REDs, system operator/market operator, Ministry of Industries, Mines and Energy, consumer groups, regional peers).

- Project governance, documentation standards, and communications protocol with the ECB.
- Detailed project plan (not exceeding 6-month duration), including workshop windows and review cycles.

Deliverable 1: Inception Report (methodology, detailed workplan, timelines, and stakeholder engagement plan)

Output 2: Regulatory Impact Assessment (RIA)

A full Regulatory Impact Assessment will be conducted to ensure the ensure that reviewed standards are evidence-based, cost-effective, and aligned with public and industry needs.

The RIA will include:

Task 2.1: Problem Statement /Needs for Standards Review

- Clearly define the issue the standards aim to address.
- Explain why regulatory intervention is required.
- Describe risks, gaps, or inefficiencies in the current standards.

Task 2.2: Objective of the Reviewed Standards

- Identify the intended outcomes (e.g. safety, reliability, economic efficiency).
- Show how these objectives align with broader national policy, industry frameworks and standards or strategic plans.

Task 2.3: Description of the Reviewed Standards

- Outline what is being changed, updated or introduced.
- Clarify scope, technical requirements and the target group(s).

Task 2.4: Baseline Assessment

- Describe the “status quo” without the proposed reviewing.
- Include existing practices, performance data, costs, safety issues and technical shortcomings.

Task 2.5: Risk Assessment

- Identify risks associated with implementation or non-implementation of the standards.
- Propose mitigation strategies.

Task 2.6: Recommended Option and Implementation Framework

- Evaluate available options.
- Recommend the preferred approach.
- Prepare implementation framework with clear implementation timeframe, enforcement mechanisms and compliance monitoring.

- Identify required training, capacity building or resource allocations

Task 2.7: RIA Reporting and Decision Aids

- Prepare an RIA Report and a Decision Maker's Summary (plain-language summary with clear recommendations, risks, mitigations, and implementation implications).
- Present RIA findings to stakeholders; integrate feedback.

Deliverable 2A: RIA Scoping Note (options, metrics, data plan, analytical methods).
Deliverable 2B: RIA Report (full analysis, scenarios, sensitivities, recommendations, implementation framework).
Deliverable 2C: RIA Decision Maker's Summary (concise brief for standards approval).

Output 3: Review of the Distribution Infrastructure Standards
Task 3.1: Benchmarking and Gap analysis
By benchmarking with at least four recognised regional and international standards -

- Compare Namibia's current standards against best-in-class practices to identify gaps, areas for improvement and modernization needs.
- Assess how comparable countries especially within SADC and similar emerging market manage technology integration, safety, reliability and grid modernization.
- Ensure harmonization and alignment of the revised standards with modern engineering best practices.

Deliverable 3: Benchmark and Gap Analysis Report (comparative analysis, pros/cons, Namibia gap map, high level best practices recommendations)

Task 3.2: Review of Existing Standard and Industry Practices
Update the current standard sections and design drawings to reflect:

- Current electricity distribution infrastructure designs and operations
- Integration of RE systems including SWER networks
- Connections of standby generators including SWER networks
- Designs of network earthing requirements including SWER networks, taking into account geographical, environment, and soil conditions.
- Liaise with licensees to identify relevant Distribution Infrastructure Standards and Practices they implement and challenges they face with the implementation.

Deliverable3.2: Draft Reviewed Infrastructure Standards (technical requirements, regulatory and governance economic and sustainability benchmarking), incorporating stakeholder inputs and consistent with RIA findings.

Deliverable 3.3 The Consultant shall deliver skills transfer to the project coordinator to ensure continuity and ownership (Details and success measures to be determined at inception).

5. REFERENCE DOCUMENTATION

5.1 The Namibia Electricity Act, (Act No. 4 of 2007)
5.2 The Current and Draft Revised Namibia Distribution Grid Code
5.3 The Namibia Electricity Safety Code (NESC)
5.4 The Current and Draft Revised Technical Rules
5.6 The Embedded Generation Standard
5.8 The Current and Draft Revised Maintenance Guidelines for Distribution Networks
5.9 The Distribution Infrastructure Standards
5.10 The Current and Draft Net-Metering Rules
5.11 The Current and Draft Low Voltage Electrical Installation Wiring Standard
5.12 The Draft Electricity Storage Rules
5.13 The National Connection Charge Code
5.14 ISO 55001 Asset Management
5.15 ISO 9001 Quality Management
5.16 ISO 31000 Risk Management
5.17 ISO 45001 Occupational Health & Safety
5.18 ISO 14001 Environmental Management
5.19 ISO 27001 Cyber Security
5.20 ISO 30401 Knowledge Management
5.21 Other relevant regional or international documents.

6 REPORTING, DELIVERABLES AND DURATION

6.1 Project Governance

- The ECB will appoint a Project Leader to interface with the Consultant.
- Progress meeting as per the project plan.
- Ad-hoc meetings may be convened by either party.
- The Consultant shall maintain records of all proceedings; submit all documents for ECB review and approval.
- The Consultant shall have a minimum of 3 team members i.e. Team leader and the Technical Expert and the Project Assistant dedicated to this project at any given time during the project

6.2 Deliverables and Formats

All outputs must be submitted in editable formats (MS Word/Excel/PowerPoint or equivalent) and PDF. Excel must not consist of locked formulae. A consolidated comment matrix shall accompany each draft/final deliverable.

Minimum Deliverables:

1. Inception Report (methodology, work plan, stakeholder plan, timeline, risk register)
2. RIA Full Report
3. Benchmarking & Best Practices Report
4. Draft Reviewed Infrastructure Standards (with annexed design drawings for each section)
5. Validation Progress Meetings and Workshop(s) (agenda, materials, attendance, minutes, disposition log)
6. Final Presentation to ECB and stakeholders
7. Final Reviewed Infrastructure Standards document and Implementation Framework

6.3 Quality Assurance (QA)

- The Consultant must implement internal quality assurance and legal review processes; evidence of QA to be provided upon request.
- All technical content shall reference applicable standards (ECB instruments, IEC/IEEE, ISO, SAPP) where relevant.

6.4 Intellectual Property and Confidentiality

- Copyright and IP of all outputs vest in the ECB.
- All project information is confidential. The Consultant shall sign an NDA if required and comply with data protection requirements.

6.5 Duration and Project Phasing

The contract duration is maximum **six (6) months** from commencement.

Indicative phasing (to be detailed in the Inception report and project Plan):

- Month 1: Inception; data-room setup; stakeholder mapping
- Month 2: RIA Scoping, Analysis and Reporting (with interim stakeholder check-in)
- Month 3: Benchmarking and Best Practices
- Month 4: Draft Reviewed Distribution Infrastructure Standards
- Month 5: Circulation and Validation Workshop
- Month 6: Final Reviewed Distribution Infrastructure Standards, Implementation Framework, and Final Presentations
